

A competitive advantage is the breadth of the Company's supplier product line card. Because of the number of Avnet's suppliers, many customers can simplify their procurement process and make all of their required purchases from Avnet, rather than purchasing from several different parties.

Seasonality

Historically, Avnet's business and continuing operations has not been materially impacted by seasonality, with the exception of an impact on consolidated results from shifts in regional sales trends from Asia in the first half of a fiscal year to the Americas and EMEA regions in the second half of a fiscal year.

Number of Employees

At June 29, 2019, Avnet had approximately 15,500 employees compared to 15,400 employees at June 30, 2018, and 15,700 employees at July 1, 2017.
