

I- Special Conditions

Article I-1

Special definitions

This Article contains definitions which are particular to this *Framework Contract* and complements Article II-1 ("General definitions and rules of interpretation"). For purpose of contractual implementation, these Articles must be read together.

The following terms, used with a capital letter in the *Framework Contract* and any *Specific Contract* and/or *Purchase Order* if applicable concluded under this *Framework Contract*, are understood to mean:

- a. Europol's Hub sites:
- For the purpose of the implementation of the *Framework Contract*, the Europol's Hub sites shall include:
- places which are part of Europol's network throughout Europe as well as non-EU Member States and other third party organisations;
 - the Europol's Disaster Recovery Site located in XXX³;
 - Somewhere in the Netherlands (SNL), the future alternative location for Data Centre and Office Space.⁴
- Any specific conditions applicable to the *Contractor's* Personnel in implementing the *Framework Contract* at Europol Premises⁵ shall also apply to Europol's Hub sites, unless otherwise specified by Europol;
- b. Goods:
- range of supplies or products to be provided under the *Framework Contract*, including standard and/or custom built ICT racks with related copper and/or fibre backbone/patch cabling, active and passive infrastructure components, such as but not limited to:
- Racks
 - Aisle (hot and/or cold aisles...)
 - Sensors (temperature, humidity, door...)
 - Door locks
 - Backbone cabling
 - Patch cabling
 - Power cabling

³ Due to security constraints, the location of the Europol's Disaster Recovery Site will be provided to the winning tenderer.

⁴ As referred to as SNL (Somewhere in the Netherlands) site(s), Europol recovery site(s) that may be established during the life time of the *Framework Contract*.

⁵ Europol Headquarters, Europol Satellite building or any other future Europol buildings/sites in the Netherlands
