

A weight of 70/30 is given to quality and price

score for tender X	=	cheapest price*	*	100	*	0.3	+	total quality score (out of 100) for all award criteria of tender X	*	0.7
		price of tender X								

100 refers to the max points (see section 3.3.2 Award criteria)

“Price of tender X” is the “Reference price of the LOT” for the relevant lot in the Financial tender (see section 4. Annexes).

The tender(s) ranked first after applying the formula will be awarded the contract.

Remarks:

Tenderers’ attention is drawn to the fact that ECDC will be in a position to make a proper assessment of the tenders on the basis of the above qualitative criteria only if they contain full particulars relating to all aspects of this specification. Lack of detail and vague and perfunctory information will be penalised.

As the tenders will be evaluated on the basis of the quality of the services proposed, they should fully explore all the points included in this specification so as to obtain the best possible mark.

Simply repeating the guidelines given in the specification of this invitation to tender without sufficient and detailed description of the proposed approach and methodology to meet the requirements set out to meet such specifications, will result in a low mark.

Furthermore, if any essential points of this specification are not expressly covered by the tender, ECDC may decide to give a zero mark for the relevant quality award criteria.
