

	“(III) improve information sharing, coordination, and communication among disparate biosurveillance systems supported by the Department of Health and Human Services, including the identification of methods to improve accountability, better utilize resources and workforce capabilities, and incorporate innovative technologies within and across agencies; and
Evaluation.	“(IV) test and evaluate capabilities of the interoperable network of systems to improve situational awareness and biosurveillance capabilities;
	“(iv) includes performance measures and the metrics by which performance measures will be assessed with respect to the measurable steps under clause (iii); and
	“(v) establishes dates by which each measurable step under clause (iii) will be implemented.
Deadline.	“(B) ANNUAL BUDGET PLAN.—Not later than 2 years after the date of enactment of the Pandemic and All-Hazards Preparedness and Advancing Innovation Act of 2019 and on an annual basis thereafter, in accordance with the strategy and implementation plan under this paragraph, the Secretary shall, taking into account recommendations provided by the National Biodefense Science Board, develop a budget plan based on the strategy and implementation plan under this section. Such budget plan shall include—
Summary.	“(i) a summary of resources previously expended to establish, improve, and utilize the nationwide public health situational awareness and biosurveillance network under paragraph (1);
Cost estimates.	“(ii) estimates of costs and resources needed to establish and improve the network under paragraph (1) according to the strategy and implementation plan under subparagraph (A);
	“(iii) the identification of gaps and inefficiencies in nationwide public health situational awareness and biosurveillance capabilities, resources, and authorities needed to address such gaps; and
Strategy.	“(iv) a strategy to minimize and address such gaps and improve inefficiencies.”;
	(G) in paragraph (7), as so redesignated—
	(i) in subparagraph (A), by inserting “(taking into account zoonotic disease, including gaps in scientific understanding of the interactions between human, animal, and environmental health)” after “human health”;
	(ii) in subparagraph (B)—
	(I) by inserting “and gaps in surveillance programs” after “surveillance programs”; and
	(II) by striking “; and” and inserting a semicolon;
	(iii) in subparagraph (C)—
	(I) by inserting “, animal health organizations related to zoonotic disease,” after “health care entities”; and
